You define, You design!

Features

Make it...

- 1** MORE user-friendly: Muscle-stamping design on the body offers wider contact area, leveling up the comfort experience.
- 2** MORE eyeballs to be caught: End users' eyes brighten with the unique design.
- 3** MORE distinguishing: Arrow shape lever makes the wrench nowhere else to be found.
- 4** MORE durable quality: Wrenches are all made from Chrome Vanadium material.
- 5** MORE matches made in heaven: Various options for Ring and Open End unlock potentials.

Fishbone Series

72T

You define, You design!

Features

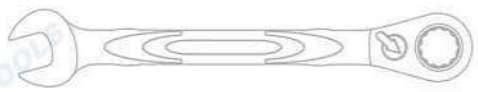

Improve...

- 1 LEVEL of user-friendliness: The practical design widens the contact space, and enlarges the anti-slip friction.
- 2 Level of value creation: The use of high-tech skills generates higher level of value creation.
- 3 Level of distinction: The arrow shape lever makes it more visible in the market.
- 4 Level of durability: Chrome Vanadium material reinforces.
- 5 Level of possibility: Various matches for both ring end (Regular, Spline, Snowflake) and open end (Regular, Quick Fastening, Radius corner)
